

Meet Lattiz[®] Inside.

Meet Lattiz[®].

The smart
milk solution
that makes
it easy to sell
more coffee
with optimal
hygiene.

We love
coffee

**And we love
milk.**

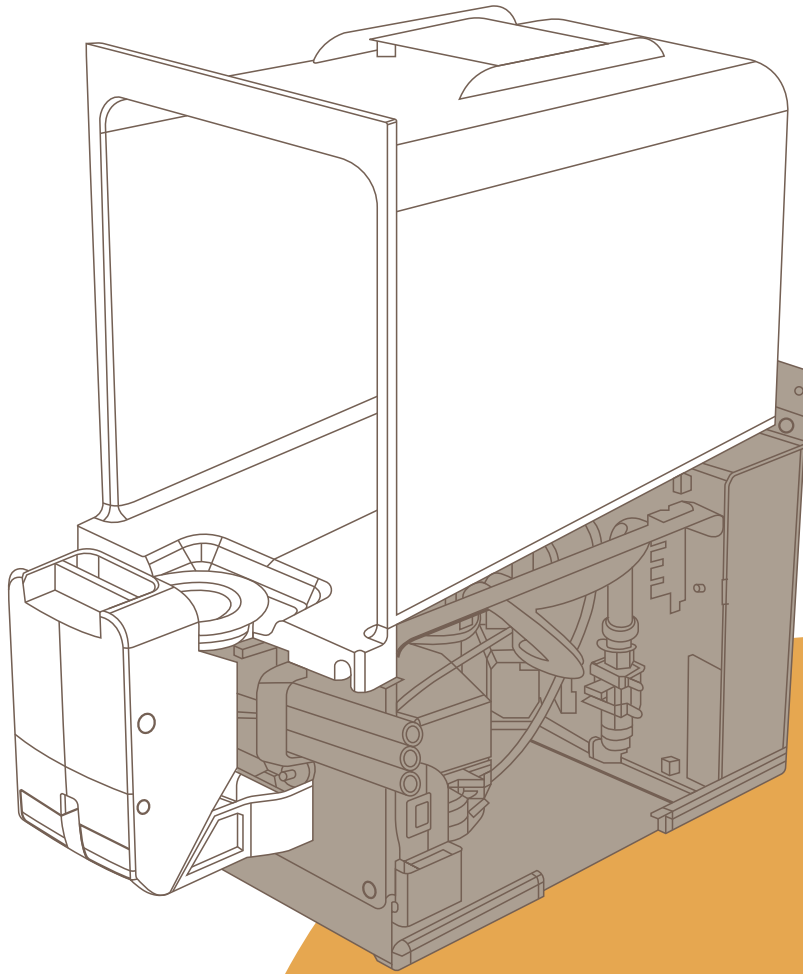

More than 40% of the cups of coffee
we drink are lattes or cappuccinos.
The appearance and taste of milk coffee
are strongly influenced by the milk foam.

Perfect milk foam is crucial if you want to
keep your customers happy and increase
sales and profits.

New **Meet Lattiz[®] Inside.**

The integrated
milk foam solution

We now offer our smart milk foam solution as well as our expertise on how to **integrate our innovative milk technology** into your machine.

Including the license to integrate our milk module into your fully automatic coffee machine, vending machine or capsules machine.

Go for quality & efficiency.

Limited handling and
no cleaning required

The benefit of our Lattiz[®] solution is not only the fact we offer consistent good quality milk foam. But also the Lattiz[®] Inside solution is hassle-free in operations as it is very robust, and no cleaning is required since there is no contact between user, milk and the machine. This way, Lattiz[®] Inside provides perfect in cup quality while being efficient and hygienic.

As a matter of fact.

Lattiz[®] Inside adds value to your coffee concept by increasing the quality, while reducing the efforts.

The milk will not run through pipes or tubes inside your machine, so no extensive cleaning is required.

The patented Lattiz[®] solution guarantees absolute **hygiene and food safety.**

With **one bag-in-box** of concentrated milk going into the milk module, you are ready to make approx. **140 cappuccinos** resulting in less handling, less packaging waste, and so it ensures **hassle free operations.**

Reduction of milk-related **machine breakdowns** by up to 80%.

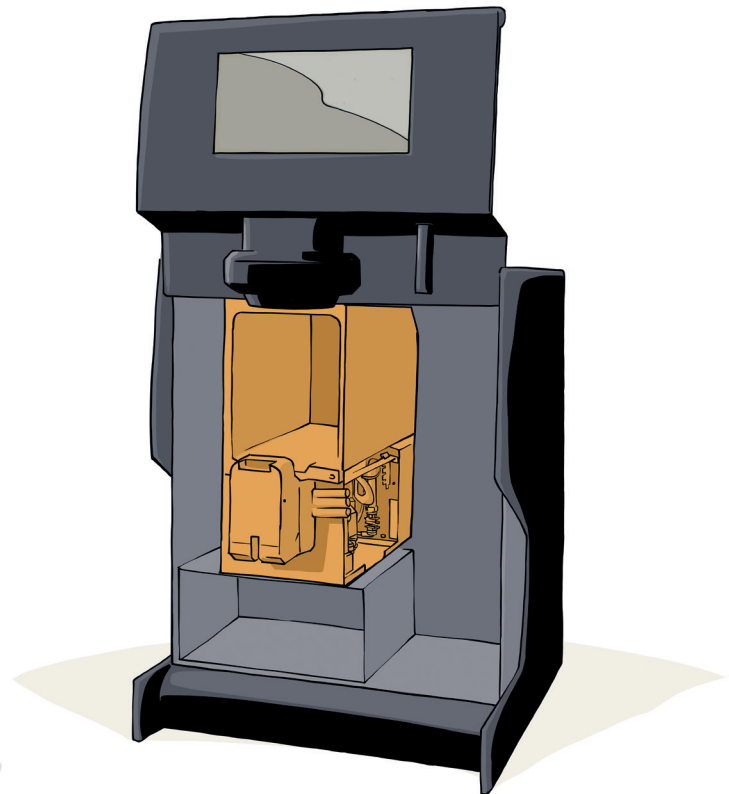

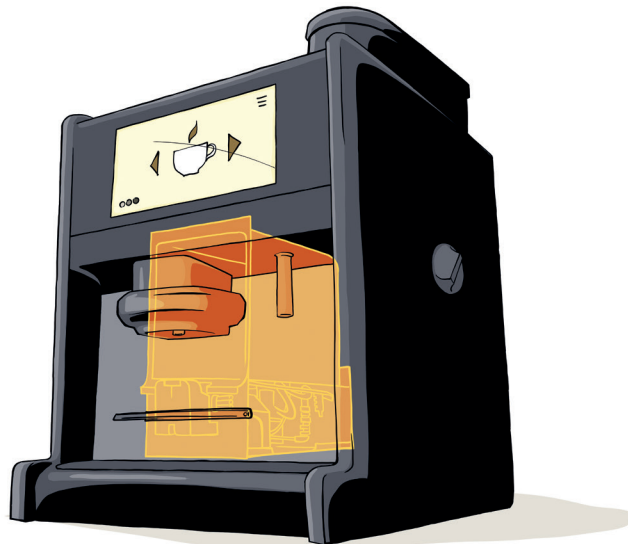

Trusted brand with **proven track record** in milk foaming solutions.

How it works.

The power of collaboration

We will support you and your machine manufacturer in the creation of the Lattiz[®] milk solution in your machine, for the best results and operational excellence.

We are always there to help you out!

Lattiz[®] Inside is
meant for all
**coffee concept
owners.**

FrieslandCampina www.frieslandcampina.com

Lattiz and FrieslandCampina

Lattiz is part of Royal FrieslandCampina, one of the largest dairy companies in the world. With offices in 34 countries and exports to more than 100, FrieslandCampina serves millions of consumers every day.

FrieslandCampina is a cooperative, fully-owned by approximately 18.500 member dairy farmers spread across The Netherlands, Belgium and Germany. With almost 150 years of milk experience and control over the entire production chain, FrieslandCampina stands for the highest standards of quality, safety and sustainability, from grass to glass.
